LP Marla

Bill for \$582 for bylaws come out of Administration  
There are union days we get. There was discussion on who pays the bills. We need to pay them both.  
Shane investigated information on what other districts do about Union dues he will compile the information and present it later.  
Approval of treasurers report Susan Hoops 2nd by Carol Anderson

**Membership Report**

Membership cards are not here yet.

**Grievance Report:**

Negotiations Update:  
Negotiation went to an arbitrator.  
District has said they will invoke a rule about an interim superintendent so they will not move on the pay raise and \$70- thousand taken out of our COLA for retirement until Oran comes back (Back in Georgia in May).  
If Dwayne is in the position, then he needs to deal with it.  
The subject of administrators having working files on teachers. Whether or not that is legal came up.  
Carol got asked to do an IEP in her prep. Carol wrote up a grievance.  
Chuck had talked to Dwayne and was told it will be addressed at negotiations.

**By Laws Update**

We do not have a quorum for bylaws  
Talk and vote for bylaws postponed Recommended by Steve Wolf and 2nded  
Linda Draper

**Unfinished Business**

Vote of Confidence

Mike Caratenuto has information culminated survey results.  
He does not know what forum to present this in.  
Mike asks to have someone take this over.  
Give a report to each administrator?  
Would the one sheet summarization loose it's teeth rather than a full  
report? We need to develop a plan to give to administrators before giving  
to board. Comments are crucial.
